Lightroom Course, Part I

Description:
Do you wish to improve your editing and photo management skills with Adobe Lightroom? Book your basic skills Lightroom course with Ernest Porter of Eagle Eye Safaris to learn how to enhance your images so that you can push them to their full potential. This course will focus on, but not limited to:

- Setting up Lightroom
- Basic and Advanced Importing
- Advanced Keywording
- Flagging, Rating, and Filtering of photos
- In-depth look at the Library Module
- Overview of the Develop Module
- Advanced Exporting
- Proper Backup of the Lightroom Catalog

At the conclusion of this course, you will be able to import, export, edit and manage your photos so that you can find a specific photo within a few seconds. This is prerequisite course to Lightroom Part II.
